

Type **VIBRATORY HAMMER**

Brand **ICE**

Model **ICE 625 SH**

Centrifugal force **kN 500**

Frequency **Hz 46**

Eccentric moment **kgm 6**

Amplitude **mm 13**

Power **kW 83**

Weight **kg 1.300**

Description **High-frequency hydraulic vibratory hammer, used for driving and extracting piles, sheet piles, and steel profiles in various types of soil.**
